THE QUEER YOUR LEADERSHIP JOURNEY

WEEK

About me:

Hi! I'm Liz (they/she). I'm a white, antiracist, queer/genderqueer femme currently living and working on Dx^wdəw?abš (Duwamish) land (known as Seattle).

Here are three truths that inform how I coach:

- Queer and trans folks carry powerful magic, and the capacity to create radical transformation.
- You are inherently brilliant, and the best solutions to your leadership challenges are to be found in deep knowledge of and appreciation for yourself.
- Heteropatriarchal white supremacy culture is the genesis of queer and transphobia. We must disrupt it within ourselves and our work at every turn.

I am an eternal optimist, a queer leadership fanatic, a frequent teller of not-that-funny jokes, a lifelong artist (current love: watercolor), relentlessly curious, a deep empath, and despite all outward appearances, definitely an introvert.

(THAT'S ME!)
